

DECISIVE BATTLE FOR ROME LAUNCHED WITH CONCERTED ASSAULTS BY ALLIES; NAZI STRONG POINTS INLAND OVERRUN

**Last German Defense Line Running Less Than 20 Miles
South of Capital is Assaulted — Last Remnants of
Hitler Line Along Main Battlefield Shattered.**

By James L. Kilgallen
I. N. S. Staff Correspondent

NAPLES, May 26—(INS)—The decisive battle for Rome was launched today with concerted assaults by Allied armies in Italy which overran numerous enemy strongpoints inland from the original beachhead below the Eternal City and assaulted the last German defense line running less than 20 miles south of the occupied Italian capital.

The last remnants of the Hitler line along the main battlefield were shattered by the Allied 8th Army which surged through the gaps torn in the Nazi defenses to drive across the Melfa River and establish a bridgehead on the north bank.

The former German strongholds of Cisterna and Littoria on the blasted beachhead defense perimeter fell to the Fifth Army.

Cisterna, on the Appian Way only 27 miles below Rome, fell after hard fighting. The war-torn town was only a shambles when the Yanks entered.

Steam-rolling beyond Cisterna, the Fifth Army cut the important Cisterna-Cori road as well as a secondary road. Cori lies five miles northeast of Cisterna.

NAPLES, May 26—American airmen, who in two days battered more than 1,750 German vehicles, described today how they "left every third or fourth" truck burning when they caught fleeing Nazi transports travelling "humper to humper."

A breakdown on damages inflicted on the retreating Germans on the network of roads south of Rome show the Allied airmen destroyed 160 motor vehicles yesterday and damaged 561.

Bombers last night concentrated on roads in the vicinity of Viterbo, north of Rome, to top off a day in which the Mediterranean Air Force flew more than 3,000 sorties with the loss of 12 craft. At least 20 German planes were destroyed.

Governor Martin Sets July 7 as Troop Ballot Day

HARRISBURG, May 26—Governor Edward Martin today designated July 7 as military ballot day and ordered the opening of all polling places throughout the Commonwealth on that date to list absentee voters in the armed service and affiliated war agencies.

At the same time he officially announced that the State-wide canvass of G. I. voters by civilian defense volunteers and others would open on Flag Day, Wednesday, June 14, and close June 28.

Enrollment of the men and women in the armed forces eligible to cast their ballots in this year's Presidential election is the first step in Pennsylvania's recently-enacted G. I. vote plan, described as a "model" for the Nation by Stars and Stripes, overseas newspaper of the Army.

Ballots will be sent to all service men, at home and abroad, without prior application.

The Governor directed that local election boards keep polling places open from 7 a. m. to 8 p. m. on July 7. The election officials will receive all the names listed in the volunteer canvass, plus other names supplied by families and interested organizations.

"I was impressed by the earnestness and determination of civilian defense county chairmen and leaders who met in Harrisburg on Tuesday to complete plans for enrollment of absentee military voters," the Governor said.

"I am satisfied that these plans and the open polls on military ballot day will give practically all these absentees an opportunity to vote."

It has been estimated that approximately 750,000 eligible absentee military voters will be recorded on the special registration day. This includes men and women in the Army, Navy, Marines, Coast Guard, Merchant Marine, Red Cross, Society of Friends, Women's Auxiliary Service pilots and United Service organizations.

The Governor stressed the point that names of absentee soldier voters may be presented to county election boards up to five days before the election on Nov. 7. The ballots must be returned by Nov. 22.

2ND LT. D. CHUBB IS MISSING IN ACTION

EUROPEAN THEATRE

DOYLESTOWN, May 26—2nd Lt. Donald V. Chubb, 2d pilot of a Flying Fortress, is missing in action in the European theatre of war, according to word received by his parents, Mr. and Mrs. Harry N. C. Chubb, West Court street. The young pilot has been missing since a mission undertaken on May 8th.

A few hours before the official communication in the form of a telegram was received, Lt. Chubb's sister-in-law, Mrs. Harold Chubb, of this place, received a letter from the missing pilot's sister, 2nd Lt. Mary Chubb, of the Army Nurse Corps, in England, that he was reported missing, and that she had been trying to get information about him.

Two days before, George B. McLaughlin, who lives a few doors from the Chubb home, received word from the War Department that his son, Staff Sgt. George B. McLaughlin, was missing over France. It is not known, however, whether the two former neighbors became casualties at the same time.

In one of her recent communications to relatives here, Lt. Mary Chubb said she had met her brother on three occasions while in England.

Lt. Chubb, a graduate of Doylestown high school, was commissioned a second lieutenant at the twin-engine flying school at George Field, Lawrenceville, Ill., in November, 1943, and left for service overseas early this spring.

Historical Commissioners Pay Visit to "Pennsbury"

JUDGE STEARNE IN OPINION UPHOLDS THE COUNTY COURT

**Supreme Court Judge
Agrees With Opinion
of Judge Boyer**

IN LANGHORNE CASE

**Action in Assumpsit Was
Against Allied Housing
Associates, Inc.**

DOYLESTOWN, May 26—Justice J. Allen Stearne of the Supreme Court of Pennsylvania handed down an opinion yesterday in which he upheld the judgment and decree of the Bucks County Court in a case before Judge Calvin S. Boyer.

The appeal from the decree in the Court of Common Pleas of Bucks County was made in the case of Charles H. Stradling, of Langhorne, against the Allied Housing Associates, Inc., of Langhorne. The case was argued April 14th.

The plaintiff instituted the action in assumpsit against the defendant to recover rents alleged to be due upon a written contract to lease an unspecified number of tractors and trailers. The question involved was whether the written contract between the parties obligated the defendant to use the plaintiff's equipment for all of its hauling during the contract period or whether the extent to which it was to be used was optional with the defendant.

The contract provided that "the lessor (plaintiff) agrees to furnish vehicles to the lessee, upon 24 hours' notice on any day or days required, in good operating condition and repair, and to bear the full cost and expense of all repairs, and other engine running supplies consumed by the vehicles while they are in the lessee's possession."

100 Witness A Fashion Show and Play Cards

One hundred were in attendance last evening at the fashion show and card party sponsored by the Junior Travel Club in the club home. The gathering included Juniors and guests.

Twenty club members served as models during the showing of morning, afternoon and evening costumes. A high-light of the fashion show was the presentation of costumes for a bridal party. Miss Mary Watson served as the announcer. A committee of Juniors served refreshments.

Prizes for high scorers were shoe bags, these being made by Miss Mary Amole.

This is the final social affair for the season in the junior year, the final business meeting taking place in June.

President, Thomas A. Coles; vice-president, Annie Heritage; treasurer, Charles Uitz; secretary, Irene Pauls.

It has been announced that the new president of the association, Mr. Coles, will be one of fifty-six delegates representing the teachers and administrators of the State of Pennsylvania at the annual convention of the National Education Association which will be held in Pittsburgh on July 3, 4, 5 and 6.

Schoolmen and women from every state in the Union, Alaska, Hawaii, and Puerto Rico will attend this representative assembly. One of the more important matters to be discussed by the group will be "A Five-Year Program for Professional Organization."

TRIP TO NEW YORK

CROYDON, May 26—The Croydon Scout Mothers' Auxiliary, in celebration of its eighth anniversary, enjoyed a trip to New York City last Wednesday. The members visited "The Little Church Around the Corner," Wall Street, Statue of Liberty, Old Trinity Church, Chinatown, Radio City Music Hall and Ellis Island, and other points. They had as their guests for the afternoon two brothers, one a British sailor, the other a member of the Canadian air corps. The boys had just met after a year's separation. The group, with their guests, visited the broadcast "Ladies Be Seated." Mrs. John Mossbrook was chosen as spokesman for the group, she having two boys in service. She was given a gift. Those making the trip: Mrs. Albert Stiles, Mrs. Alfred Thompson, Mrs. Otto Grupp, Jr., Mrs. William Myers, Mrs. Arthur Kentzler, Mrs. William Schrenk, Mrs. Margaret Smith, Mrs. John Mossbrook, Mrs. William Moser and Mrs. Ira Brown.

Bensalem To Join With Bristol in Blood Doning

Ground work was outlined on Wednesday for Lower Bensalem's third gift of blood to the American Red Cross, when committeemen met at the home of Mrs. Thomas R. Powell, branch blood donor chairman.

Due to the loss of one of the Chapter's mobile blood plasma units, Mrs. Powell explained to her committee, that headquarters has asked Lower Bensalem to amalgamate their coming assignment with that of Bristol for the dates of July 24-25, at the Harriman Hospital.

With the Allies' invasion of the continent on the spring-board, the blood donor service has been ordered by the army to raise its daily quota for the mobile units to 200 points. This means that including reject allowance at least 250 donors must be enrolled throughout Lower Bensalem to fulfill the commitment. Leading factories in the vicinity have assured their full cooperation with the program. For those wishing to donate blood and who find difficulty in being contacted for their contribution, enrollment charts will be placed in strategic public places (to be announced later), where individuals may register and in ample time receive their appointment.

Mrs. Powell stated at the last board meeting that the blood donor service has been voted the most outstanding achievement in local Red Cross work for the year 1943. "I sincerely hope our third engagement with the mobile unit will be as wholeheartedly supported by the community as previously," she stated.

Those attending the meeting were: Mrs. James McCartney, enrollment chairman; Mrs. Walter H. Gillette, Citizens' Defense Association of Newport Motor Corps chairman; Mrs. E. Paul Patton, branch publicity chairman.

B-2, C-2 "Gas" Stamps Become Invalid June 1st

What was described as the "death knell" for counterfeit gasoline ration coupons was sounded yesterday when ration boards received word from Washington headquarters that B-2 and C-2 coupons will not be valid after May 31.

These coupons have been the ones most frequently counterfeited. The new B-3 and C-3 coupons, currently issued, are serially numbered, so that each coupon can readily be checked back to the person to whom it was issued.

The OPA estimated yesterday that B-2 and C-2 coupons still in the hands of motorists in this district would purchase approximately 500,000 gallons of gasoline.

Motors may turn in the old coupons to the ration boards for new ones. Filling station operators have until June 10 to turn in the old coupons to suppliers, and the latter have until June 20 to deposit them in ration banking accounts.

South Langhorne Plans Activities for Sunday

SOUTH LANGHORNE, May 26—The Memorial season activities, outlined for South Langhorne on Sunday, have been arranged by the committee in charge, with George Blitt serving as chairman of the South Langhorne committee, co-operating with Emerson Clark, chairman of Langhorne A. C.

A parade group will form at the South Langhorne fire station at 2:15 on Sunday afternoon, parading down Woodland avenue to the public school where the pupils will join, then to Hulmeville avenue to the Lincoln highway, to Bellevue avenue, and to the baseball field. There the Soby Post drum and bugle corps will play "To the Colors." A seven-inning baseball game will follow. Services at the shrine at Our Lady of Grace Church will follow at four o'clock.

PERFUMED CONTROVERSY

The New York City Board of Estimate was in session the other day. Before it was a proposition presented by a prominent perfume concern to sponsor Mayor LaGuardia in 25 weekly broadcasts over the municipal radio station WNYC at a cost of \$25,000 payable to the city treasury.

The Mayor has been giving Sunday talks over WNYC and considerable criticism of his use of the station has developed. Nettled, LaGuardia announced that he was sick and tired of it all and open to private offers.

Apparently the perfume concern took him seriously. At any rate that recherche New Yorker, Grover Whalen, now chairman of the perfumery board, put in his \$25,000 bid in the company's behalf. When the offer came before the Board of Estimate, the members were first embarrassed and then exceedingly vocal in opposition, rejecting it by a 10 to 0 vote. Three members refused to vote at all and President Newbold Morris was reluctant to commit himself until the others had cast their votes.

Some of the comments are interesting. James A. Burke, borough president of Queens, was afraid the Mayor was being sold down the river and suggested that he be put up at public auction in the hope of higher bids. James J. Lyons, borough president of the Bronx, proposed a wider survey of the field, with the object of inducing the artichoke industry to sponsor the Mayor in broadcasts on fruits and vegetables, a pancake concern, a dog food corporation, a rat exterminating company and other private enterprises to be asked to follow suit.

Perhaps it is just as well for the Mayor that the whole idea was turned down flat. Even though the \$25,000 would have helped finance the municipal radio station, funds for which may be withheld by the Board of Estimate, confidentially the Little Flower could hardly have risen above a perfumery sponsorship.

FOURTH TERM STRIKES

The wave of strikes now spreading throughout the war plants of the country is linked directly to the fourth term drive of the radical unions. All of the left-wing labor organizations, starting with the communist party, have now endorsed Roosevelt for re-election.

The CIO Political Action Committee is busily engaged in the campaign to keep the New Deal in power, and Attorney General Biddle cannot find that this outfit is violating the law against labor unions engaging in political activities.

Under the circumstances, there seems to be nothing that can be done. Roosevelt needs the votes of the left-wingers, and the war strikes are engineered and participated in by the radicals, not by Republicans.

Property damage accidentally done to one Swiss town by American bombers has been estimated at \$8,500,000, showing what Switzerland is missing by mind-ing its own business.

We Have a Victory
Worker Ready to Move In

The production front is just as important to victory as the fighting front. In order to keep up production of Plexiglas, Lethane, Primal, Lykopol and other vital war materials, we must bring in workers from outside areas—and they must have living quarters.

If you have a spare room for a man or woman in Bristol or vicinity, here is a chance to help the war effort and add to your income at the same time. Phone Bristol 875—ask for Personnel Dept. If you have registered your room with us, be sure to phone us whenever it is vacant, so we can send you a new roomer promptly.

DE RISI MAY PITCH
Airplane Workers Must
Win To Hold Their
Position

Weather permitting, the Fleetwings team will meet the Case Packers this evening on the high school field at 6:15 o'clock. The game is a Trenton Industrial League game. The Fleetwings have not played at home since May 15th.

The airplane workers are in fourth place in the league standing in order to retain this position and win over the Packers this evening. Manager Russ Stanton will most likely start "Mike" DeRisi with Dunn doing the hurling for the Casers.

Salt water trip... expect to wet a line in salt water on Sunday for the first time this season. Understand the croakers are moving into the bays in goodly numbers.

Fishing prospects threatened... until a few days ago Silver Lake held more promise of producing good fishing this year than any other nearby section. As a matter of fact, it still looks promising... provided that the airplane which has been resting on the Lake for the past few weeks does not get too many more coats of paint.

Last Sunday workmen were busy painting the ship and the paint which didn't reach the airplane reached the water... and there was quite an amount of paint that did reach the Lake. As a drop of paint hit the water it spread out in a large spot of film on the surface and moved downstream with the current. Before the workmen were finished there was quite a section of water covered with this film along the shore line.

The bass are spawning now. They're in along the shore line. Enough oil film on the water is the surest way to kill them.

No doe season this year... in an announcement by Ross L. Leffler, president of the Pennsylvania

Game Commission, declaration of an antlerless deer season in Pennsylvania this year has been deferred by the Commission in the hope that returning service men will have an opportunity to participate in it. Leffler explained that the action was taken even though one was recommended for a few counties this year. There are indications that a statewide antlerless deer season will be necessary next year.

1944 hunting seasons... game seasons for this year, tentatively scheduled two months ago to enable busy war workers to plan early for their vacation during the coming hunting season, according to announcement by president Ross L. Leffler, were officially established at a meeting of the Game Commission held May 6th, and will be in effect as follows: small game, November 1 to November 30; bear, November 27 to November 30; deer, December 1 to December 15.

No changes were made in the daily or seasonal bag limits over last year except in the case of raccoons, for which the daily bag limit was increased from 3 to 4 and the season limit from 15 to 20.

The Commission did not place an antlerless deer season, even though one was recommended for a few counties this year, because it was deemed wise to defer such action until later in the hope that returning Service Men will have an opportunity to participate in it. Indications are that a statewide antlerless deer season will be necessary next year.

reports reaching the Italian-Swiss frontier were quoted in a dispatch from Zurich today as declaring the Germans appear to be withdrawing "altogether" from central Italy, preparatory to making a final stand in the north.

The reports added that the Germans evacuated all civilians from several districts, including Macerata. "Four hours' travel north of Rome." The evacuations were said to have been carried out two weeks ago, the districts then being occupied with Nazi troops.

NAPLES, May 26—A letter written by a German reconnaissance commander and revealed at Allied headquarters in Italy today declared that "you simply cannot imagine the trials and terrors of this retreat."

"We are not giving in," he wrote, "but our men are so very tired and they have had nothing to eat for three days."

Judge Stearne in Opinion
Upholds County Court

Continued From Page One
The plaintiff averred that the defendant had the use and did use other tractors and trailers during the contract year in excess of 50,350 miles, and he claimed rentals at the contract rate of 14 cents per mile, or a total sum, less estimated expenses of \$5,331.72. The defendant filed an affidavit of defense raising questions of law.

Judge Boyer, in the Bucks County Court, sustained the affidavit, holding that the use of the trucks was entirely optional with the lessee, and entered judgment for the defendant. The plaintiff then appealed to the Supreme Court.

Judge Stearne, in his opinion, wrote in part:

"In spite of the agreement's unambiguous terms, appellant seeks to have it construed as a contract to supply defendant's total requirements. He points out that the contract provided that lessor was to furnish vehicles 'on any day or days required' and the lessee agreed it would surrender the vehicles to the lessor when 'it shall have no

requirement for the use of the same. These two provisions do not make the contract a requirement contract within the legal definition of that term. To have such a contract, obligating the lessee to use the lessor's vehicles exclusively, there must be a statement in the agreement that the lessor is to furnish all vehicles which might be required in the business of the lessee."

DECISIVE BATTLE FOR ROME LAUNCHED WITH CONCERTED ASSAULTS BY ALLIES; NAZI STRONG POINTS INLAND OVERRUN

Last German Defense Line Running Less Than 20 Miles
South of Capital is Assaulted — Last Remnants of
Hitler Line Along Main Battlefield Shattered.

By James L. Kilgallen

I. N. S. Staff Correspondent

NAPLES, May 26.—(INS)—The decisive battle for Rome was launched today with concerted assaults by Allied armies in Italy which overran numerous enemy strongpoints inland from the original beachhead below the Eternal City and assaulted the last German defense line running less than 20 miles south of the occupied Italian capital.

The last remnants of the Hitler line along the main battlefield were shattered by the Allied 8th Army which surged through the gaps torn in the Nazi defenses to drive across the Melfa River and establish a bridgehead on the north bank.

The former German strongholds of Cisterna and Littoria on the blasted beachhead defense perimeter fell to the Fifth Army.

Cisterna, on the Appian Way only 27 miles below Rome, fell after hard fighting. The war-torn town was only a shambles when the Yanks entered.

Steam-rolling beyond Cisterna, the Fifth Army cut the important Cisterna-Cori road as well as a secondary road. Cori lies five miles northeast of Cisterna.

NAPLES, May 26.—American airmen, who in two days battered more than 1,750 German vehicles, described today how they "left every third or fourth" truck burning when they caught fleeing Nazi transports travelling "bumper to bumper."

A breakdown on damages inflicted on the retreating Germans on the network of roads south of Rome show the Allied airmen destroyed 160 motor vehicles yesterday and damaged 561.

Bombers last night concentrated on roads in the vicinity of Viterbo, north of Rome, to top off a day in which the Mediterranean Air Force flew more than 3,000 sorties with the loss of 12 craft. At least 20 German planes were destroyed.

Governor Martin Sets July 7 as Troop Ballot Day

HARRISBURG, May 26.—Governor Edward Martin today designated July 7 as military ballot day and ordered the opening of all polling places throughout the Commonwealth on that date to list absentee voters in the armed service and affiliated war agencies.

At the same time he officially announced that the State-wide canvass of G. I. voters by civilian defense volunteers and others would open on Flag Day, Wednesday, June 14, and close June 28.

Enrollment of the men and women in the armed forces eligible to cast their ballots in this year's Presidential election is the first step in Pennsylvania's recently enacted G. I. vote plan, described as a "model" for the Nation by Stars and Stripes, overseas newspaper of the Army.

Ballots will be sent to all service men, at home and abroad, without prior application.

The Governor directed that local election boards keep polling places open from 7 a. m. to 8 p. m. on July 7. The election officials will receive all the names listed in the volunteer canvass, plus other names supplied by families and interested organizations.

"I was impressed by the earnestness and determination of civilian defense county chairmen and leaders who met in Harrisburg on Tuesday to complete plans for enrollment of absentee military voters," the Governor said.

"I am satisfied that these plans and the open polls on military ballot day will give practically all these absentees an opportunity to vote."

It has been estimated that approximately 750,000 eligible absentee military voters will be recorded on the special registration day. This includes men and women in the Army, Navy, Marines, Coast Guard, Merchant Marine, Red Cross, Society of Friends, Women's Auxiliary Service pilots and United Service organizations.

The Governor stressed the point that names of absentee soldier voters may be presented to county election boards up to five days before the election on Nov. 7. The ballots must be returned by Nov. 22.

2ND LT. D. CHUBB IS MISSING IN ACTION

EUROPEAN THEATRE

DOYLESTOWN, May 26.—2nd Lt. Donald V. Chubb, 22, pilot of a Flying Fortress, is missing in action in the European theatre of war, according to word received by his parents, Mr. and Mrs. Harry N. C. Chubb, West Court street.

The young pilot has been missing since a mission undertaken on May 8th.

A few hours before the official communication in the form of a telegram was received, Lt. Chubb's sister-in-law, Mrs. Harold Chubb, of this place, received a letter from the missing pilot's sister, 2nd Lt. Mary Chubb, of the Army Nurse Corps, in England, that he was reported missing, and that she had been trying to get information about him.

Two days before, George B. McLaughlin, who lives a few doors from the Chubb home, received word from the War Department that his son, Staff Sgt. George B. McLaughlin, was missing over France. It is not known, however, whether the two former neighbors became casualties at the same time.

In one of her recent communications to relatives here, Lt. Mary Chubb said she had met her brother on three occasions while in England.

Lt. Chubb, a graduate of Doylestown high school, was commissioned a second lieutenant at the twin-engine flying school at George Field, Lawrenceville, Ill., in November, 1943, and left for service overseas early this spring.

Historical Commissioners
Pay Visit to "Pennsbury"

PENNS MANOR, May 26.—Members of the Pennsylvania Historical Commission paid a visit to "Pennsbury," restored home of William Penn, here, on Monday.

Luncheon was served the group in the bake and brew house.

Dr. Francis Haas, secretary of the Department of Public Instruction, was accompanied by the following historical commissioners: Edward R. Barnsley, Stanley R. Yarnell, Miss Frances Dorrance, Gregg L. Neel, Ross P. Wright; also Dr. Donald A. Cadzow, executive secretary of the commission. The group was also accompanied by friends.

The individuals expressed pleasure at the improvements and the advance in the work of restoration at "Pennsbury."

JUDGE STEARNE IN OPINION UPHOLDS THE COUNTY COURT

Supreme Court Judge
Agrees With Opinion
of Judge Boyer

IN LANGHORNE CASE

Action in Assumpsit Was
Against Allied Housing
Associates, Inc.

DOYLESTOWN, May 26.—Justice J. Allen Stearne of the Supreme Court of Pennsylvania handed down an opinion yesterday in which he upheld the judgment and decree of the Bucks County Court in a case before Judge Calvin S. Boyer.

The appeal from the decree in the Court of Common Pleas of Bucks County was made in the case of Charles H. Stradling, of Langhorne, against the Allied Housing Associates, Inc., of Langhorne. The case was argued April 14th.

The plaintiff instituted the action in assumpsit against the defendant to recover rents alleged to be due upon a written contract to lease an unspecified number of tractors and trailers. The question involved was whether the written contract between the parties obligated the defendant to use the plaintiff's equipment for all of its hauling during the contract period or whether the extent to which it was to be used was optional with the defendant.

The contract provided that "the lessor (plaintiff) agrees to furnish vehicles to the lessee, upon 24 hours' notice on any day or days required, in good operating condition and repair, and to bear the full cost and expense of all repairs, and other engine running supplies consumed by the vehicles while they are in the lessee's possession."

Bensalem To Join With Bristol in Blood Doning

Ground work was outlined on Wednesday for Lower Bensalem's third gift of blood to the American Red Cross, when committeemen met at the home of Mrs. Thomas R. Powell, branch blood donor chairman.

Due to the loss of one of the Chapter's mobile blood plasma units, Mrs. Powell explained to her committee, that headquarters has asked Lower Bensalem to amalgamate their coming assignment with that of Bristol for the dates of July 24-25, at the Harriman Hospital.

With the Allies' invasion of the continent on the spring-board, the blood donor service has been ordered by the army to raise its daily quota for the mobile units to 200 units. This means that including reject allowance at least 250 donors must be enrolled throughout Lower Bensalem to fulfill the commitment. Leading factories in the vicinity have assured their full co-operation with the program. For those wishing to donate blood and who find difficulty in being contacted for their contribution, enrollment charts will be placed in strategic public places (to be announced later), where individuals may register and in ample time receive their appointment.

Mrs. Powell stated at the last board meeting that the blood donor service has been voted the most outstanding achievement in local Red Cross work for the year 1943. "I sincerely hope our third engagement with the mobile unit will be as wholeheartedly supported by the community as previously," she stated.

Those attending the meeting were: Mrs. James McCartney, enrollment chairman; Mrs. Walter H. Gillette, Citizens' Defense Association of Newport Motor Corps chairman; Mrs. E. Paul Patton, branch publicity chairman.

B-2, C-2 "Gas" Stamps Become Invalid June 1st

What was described as the "death knell" for counterfeited gasoline ration coupons was sounded yesterday when ration boards received word from Washington headquarters that B-2 and C-2 coupons will not be valid after May 31.

These coupons have been the ones most frequently counterfeited. The new B-3 and C-3 coupons, currently issued, are serially numbered, so that each coupon can readily be checked back to the person to whom it was issued.

The OPA estimated yesterday that B-2 and C-2 coupons still in the hands of motorists in this district would purchase approximately 500,000 gallons of gasoline.

Motorists may turn in the old coupons to the ration boards for new ones. Filling station operators have until June 10 to turn in the old coupons to suppliers, and the latter have until June 20 to deposit them in ration banking accounts.

South Langhorne Plans Activities for Sunday

SOUTH LANGHORNE, May 26.—The Memorial season activities, outlined for South Langhorne on Sunday, have been arranged by the committee in charge, with George Blitt serving as chairman of the South Langhorne committee, co-operating with Emerson Clark, chairman of Langhorne A. C.

A parade group will form at the South Langhorne fire station at 2.15 on Sunday afternoon, parading down Woodland avenue to the public school where the pupils will join, thence to Hulmeville avenue to the Lincoln highway, to Bellevue avenue, and to the baseball field. There the Soby Post drum and bugle corps will play "To the Colors." A seven-inning baseball game will follow. Services at the shrine at Our Lady of Grace Church will follow at four o'clock.

TONSILECTOMY

Phillip Shire, Penn street, had his tonsils removed at Harriman Hospital yesterday.

WHAT OUR BOYS ARE DOING TO WIN THE WAR

William P. Surles, 26, husband of Clara Surles, Box 547, Ne-shaminy Road, Croydon Manor, Pa., is receiving his initial indoctrination at the U. S. Naval Training Center, Great Lake, Ill. His "boot" training consists of instruction in seamanship, military drill, and general naval procedure. During this period a series of aptitude tests will be taken by the recruit to determine whether he will be assigned to a Naval Service School or to immediate active duty at sea.

His recruit training completed, the seaman will spend a period of leave at home.

PERFUMED CONTROVERSY

The New York City Board of Estimate was in session the other day. Before it was a proposition presented by a prominent perfume concern to sponsor Mayor LaGuardia in 25 weekly broadcasts over the municipal radio station WNYC at a cost of \$25,000 payable to the city treasury.

The Mayor has been giving Sunday talks over WNYC and considerable criticism of his use of the station has developed. Nettled, LaGuardia announced that he was sick and tired of it all and open to private offers.

Apparently the perfume concern took him seriously. At any rate that recherche New Yorker, Grover Whalen, now chairman of the perfumery board, put in his \$25,000 bid in the company's behalf. When the offer came before the Board of Estimate, the members were first embarrassed and then exceedingly vocal in opposition, rejecting it by a 10 to 0 vote. Three members refused to vote at all and President Newbold Morris was reluctant to commit himself until the others had cast their votes.

Some of the comments are interesting. James A. Burke, borough president of Queens, was afraid the Mayor was being sold down the river and suggested that he be put up at public auction in the hope of higher bids. James J. Lyons, borough president of the Bronx, proposed a wider survey of the field, with the object of inducing the artichoke industry to sponsor the Mayor in broadcasts on fruits and vegetables, a pancake concern, a dog food corporation, a rat-exterminating company and other private enterprises to be asked to follow suit.

Perhaps it is just as well for the Mayor that the whole idea was turned down flat. Even though the \$25,000 would have helped finance the municipal radio station, funds for which may be withheld by the Board of Estimate, confidentially the Little Flower could hardly have risen above a perfumery sponsorship.

FOURTH TERM STRIKES

The wave of strikes now spreading throughout the war plants of the country is linked directly to the fourth term drive of the radical unions. All of the left-wing labor organizations, starting with the communist party, have now endorsed Roosevelt for re-election.

The CIO Political Action Committee is busily engaged in the campaign to keep the New Deal in power, and Attorney General Biddle cannot find that this outfit is violating the law against labor unions engaging in political activities.

Under the circumstances, there seems to be nothing that can be done. Roosevelt needs the votes of the left-wingers, and the war strikes are engineered and participated in by the radicals, not by Republicans.

Property damage accidentally done to one Swiss town by American bombers has been estimated at \$8,500,000, showing what Switzerland is missing by mind-ing its own business.

FLEETWINGS WILL PLAY CASE PACKER IF CLEAR WEATHER

Game Scheduled For The Bristol High School Field

DE RISI MAY PITCH

Airplane Workers Must Win To Hold Their Position

Weather permitting, the Fleetwings team will meet the Case Packers this evening on the high school field at 6:15 o'clock. The game is a Trenton Industrial League game. The Fleetwings have not played at home since May 19th.

The airplane workers are in fourth place in the league standing in order to retain this position and win over the Packers this evening. Manager Russ Stanton will most likely start "Mike" DeRisi with Dunn doing the hurling for the Casers.

RAIN POSTPONES GAME

Last evening's Suburban League game between Badenhausen and Alton and Diamond and Voltz-Texas were called off because of rain.

Sportsmen's Briefs

By JOE ELBERSON

Salt water trip... expect to wet a line in salt water on Sunday for the first time this season. Understand the croakers are moving into the bays in goodly numbers.

Fishing prospects threatened... until a few days ago Silver Lake held more promise of producing good fishing this year than any other nearby section. As a matter of fact, it still looks promising... provided that the airplane which has been resting on the Lake for the past few weeks does not get too many more coats of paint.

Last Sunday workmen were busy painting the ship and the paint which didn't reach the airplane leached the water... and there was quite an amount of paint that did reach the Lake. As a drop of paint hit the water it spread out in a large spot of film on the surface and moved downstream with the current. Before the workmen were finished there was quite a section of water covered with this film along the shore line.

The bass are spawning now. They're in along the shore line. Enough oil film on the water is the surest way to kill them.

No doe season this year... in an announcement by Ross L. Leffler, president of the Pennsylvania

Game Commission, declaration of an antlerless deer season in Pennsylvania this year has been deferred by the Commission in the hope that returning service men will have an opportunity to participate in it. Leffler explained that the action was taken even though one was recommended for a few counties this year. There are indications that a statewide antlerless deer season will be necessary next year.

1944 hunting seasons... game seasons for this year, tentatively scheduled two months ago to enable busy war workers to plan early for their vacation during the coming hunting season, according to announcement by president Ross L. Leffler, were officially established at a meeting of the Game Commission held May 6th, and will be in effect as follows: small game, November 1 to November 30; bear, November 27 to November 30; deer, December 1 to December 16.

No changes were made in the daily or seasonal bag limits over last year except in the case of raccoons, for which the daily bag limit was increased from 3 to 4 and the season limit from 15 to 20.

The Commission did not place an antlerless deer season, even though one was recommended for a few counties this year, because it was deemed wise to defer such action until later in the hope that returning Service Men will have an opportunity to participate in it. Indications are that a statewide antlerless deer season will be necessary next year.

Decisive Battle for Rome Is Launched by Allies

Continued From Page One

reports reaching the Italian-Swiss frontier were quoted in a dispatch from Zurich today as declaring the Germans appear to be withdrawing "altogether" from central Italy, preparatory to making a final stand in the north.

The reports added that the Germans evacuated all civilians from several districts, including Macerata, "four hours' travel north of Rome." The evacuations were said to have been carried out two weeks ago, the districts then being occupied with Nazi troops.

NAPLES, May 26—A letter written by a German reconnaissance commander and revealed at Allied headquarters in Italy today declared that "you simply cannot imagine the trials and terrors of this retreat."

"We are not giving in," he wrote, "but our men are so very tired and they have had nothing to eat for three days."

Judge Stearne in Opinion Upholds County Court

Continued From Page One

The plaintiff averred that the defendant had the use and did use other tractors and trailers during the contract year in excess of 50,380 miles, and he claimed rentals at the contract rate of 14 cents per mile, or a total sum, less estimated expenses, of \$5,331.72. The defendant filed an affidavit of defense raising questions of law.

Judge Boyer, in the Bucks County Court, sustained the affidavit, holding that the use of the trucks was entirely optional with the lessee, and entered judgment for the defendant. The plaintiff then appealed to the Supreme Court.

Judge Stearne, in his opinion, wrote in part:

"In spite of the agreement's unequivocal terms, appellant seeks to have it construed as a contract to supply defendant's total requirements. He points out that the contract provided that lessor was to furnish vehicles 'on any day or days required' and the lessee agreed it would surrender the vehicles to the lessor when 'it shall have no
